

Impact Areas

Our four key community impact areas are: Education, Income, Health, and Safety Net. With our mission focusing on uniting resources and people to improve the lives of our county's citizens while focusing on the community's needs, we emphasize initiatives that help children and youth reach their potential, provide financial stability and independence, improve public health, and resolve crisis situations.

All of our funding of partner programs focuses on these areas as we make Pickaway County a better place to live, visit, and thrive.
